## LIMI BOOSTER **Latest**

*by Susan Carmichael  
Limi Booster President*

**H**ello everyone. I pray your Thanksgiving holiday was filled with happiness, friends, family, wonderful food and your Christmas will be blessed!

The focus lately in our country has been “change,” however, sometimes we need to recognize and embrace the things that don’t need to change—our family structure and values, along with our love and appreciation of those who came before us and are presently surrounding us with their love, support, experience, education and beliefs.

I will be the first to admit, I am a true optimist. I believe every day can be better than the day before, each person can turn out even better than others believe, we can do anything as a team, and the beef industry and agriculture will prosper as the country recognizes what has worked in the past and what they can improve on in the future.

Our future is in the hands of our children, but without guidance and education, they would be unsure of which direction to go. Thank you to our Limousin breeders who have paved the way and set the foundation we can build on.

The Limi Boosters will have its mid-year meeting or “get-together” in Denver this January. Topics will include our “gift” for the junior exhibitors at the next National Junior Limousin Show & Congress this summer and a brief discussion of the upcoming cookbook. Please watch for the exact date and time in the NALF schedule and in the lobby at the hotel when you arrive.

We will see you there!

Merry Christmas, from my family to yours,

Susan
