CAPRICORN

December 22-January 19

The stars give you superhuman

willpower! Stick to the goals you have set for this summer show season. So get up off the couch, put the potato chips down and go breed some cows. Your mission: Treat yourself before going out to the barn. The economy is tough, but with the new moon in your house of cash, it's okay to spend money on a new blower!

AQUARIUS

January 20-February 18

With all the planets piling up in your houses of love, money and a great show string, your luck runs over. Still, that love interest of yours at the shows is questioning your feelings. Single: Go for it. Attached: Trust your better judgment. Your mind will work in your favor again, so use it no matter what you're up to. Your mission: Rise above all the good luck in your life and smile, say hi!

PISCES

February 19-March 20

The Regional Shows are over, but admit it, you love hearing all the juicy events that took place. However, now it's time to move on with your life. You should be out in the barn getting your calves ready for Nationals. Single: Someone from the barn has a secret crush on you! Attached: Things could turn for the worse; better stick to the simple cow stuff!

ARIES

March 21-April 19

You usually love to learn new tricks and trades of the business, but this month take a time out. Take a break from the rinsing, brushing and especially the weather. You deserve a day off! The planets collide, so your mission is to dish wisely, sharing a few discreet details about your secrets with a close bud.

TAURUS

April 20-May 20

Work quietly now, and you'll soon find out how many people notice you. The Libra moon will help you remain focused and on-task throughout the summer. While everything seems to be going great a love interest will arouse. Don't let it take the focus off your showmanship skills. Nothing is more distracting than that person on the outside of the ring.

GEMINI

May 21-June 20

That ultra-social mood you've been in lately might wear out when you realize there's work to be done! If you need a stress reliever go for a run to the feed store. Pick up the *Limousin World* and have quiet time to yourself. Your mission: Usually your head leads the way, but when a life-altering opportunity comes about, you will have to follow your heart just like you do when sorting through those cows of yours.

CANCER

June 21-July 22

You will have tons of phone calls this month. School friends and Limousin friends will want to catch up. While you're busy socializing, remember you have duties. Yes, those duties are the pretty black and red ladies outside your window. Don't get too caught up in the chatting! Your mission: Get excited, because the quality time you will spend in the barn will pay off.

LEO

July 23-August 22

This is a great month for you. Lots of good things are happening. The only problem is they are piling on top of each other. Relax and realize. Security, for you, is all about knowing what will probably happen next, so be grateful to people who have made that possible for you. Your mission: Pace yourself. Talk to your parents about investing more into your cow production; it could be a good conversation.

VIRGO

August 23-September 22

Great news this month: Life is great! The cows are looking good, and you're ready for your next show. Life in the barn is hard, but you are enjoying it. New to the Limousin Association? Great! You're having your doubts but a board member will contact you and will get you all pumped up on the fabulous opportunities. Nothing's better than a Limousin cow and Limousin friend.
