

Greetings Juniors,

Let me begin with a heartfelt thank you to everyone who made the Genetics

On Ice Auction and the Corner Post Genetics Package tremendous successes. Without the continued support of all these gracious individuals, NALJA could not begin to offer the opportunities it does. The Juniors deeply appreciate the hard work, time and dedication you give.

I hope everyone who attended the National Western had a wonderful time. The weather was a lot nicer this

year. Congratulations to those of you who exhibited cattle. Once again, you did an outstanding job doing something you love.

I'm sure you're busy getting ready for the upcoming shows and events in your area, and I would like to wish you the best.

George Bernard Shaw said, "Some men see things as they are and say 'Why?' I dream of things that never were and say, 'Why not?'"

All young people have dreams. I think one thing that makes Limousin juniors unique, is not only do we dare to dream, but we strive to make our dreams a reality. Instead of seeing obstacles and

making excuses and throwing in the towel, we look for new possibilities. This is one of the qualities that makes Limousin juniors the greatest.

I look forward to seeing each of you in Sioux Falls, South Dakota, this summer. If you haven't already made plans, I encourage you to make them soon. You will not want to miss out on one of the best times of your life.

Thadd Fosdick
NALJA Director
