

Fellow Limousin Enthusiast,

I hope this finds all of you with a little cooler weather and plenty of rain. I love this time of year when new calves are on the ground, and you can finally see the results of your planning and efforts as they walk in front of you.

Before too long, it will be time for American Royal, North American and

then National Western in January. We will be having our bi-annual meeting in Denver, so be watching for the announcement of day and time.

Also, any baskets donated for Genetics On Ice auction, would be greatly appreciated. These donations make such a difference in reaching our goals for the scholarships for our kids. I will say thank you ahead of time.

As we get closer to the holidays, please keep in mind that the Limi Boosters have

luggage available with a Limousin logo and your initials if you would like. Great idea for Christmas!

Listed below you will see the names of your new officers. We are here to represent you, so please let us know how we can help you. Enjoy your days as they go into fall, and good luck on your sales.

Sincerely,
Susan Carmichael
President
