

*by Susan Carmichael  
Limi Booster President*

Thanks to all of you who stopped by and purchased your chances and placed your bids. Thank you also, to all of the states who donated baskets. Through your generosity, Limi Boosters were able give more than \$8,100 back to the juniors through scholarships, educational grants, state grants and gifts this year.

Our week began with the much anticipated Beef Cook-off. At the end of the day, Kansas Roadkill Fajitas took first, followed by Oklahoma Construction Crew, and Texas Traildusters. Our judges said it was very close through all of the placings.

Congratulations to Megan Greenawalt of Ohio, and Michael Mitchell of Oklahoma, on winning our educational scholarships and to Nathan Sloan of Arkansas, and Spencer Hall of Texas for receiving the national educational grants. Also, thank you to the following states for submitting applications for state grants which are used for field days, prizes, and support of their juniors: Arkansas, Colorado, Illinois, Georgia, Iowa, Kansas, Missouri, Ohio, Oklahoma, Texas, and Kentucky.

At our annual meeting, the motion was made by ex-officio Donna Etherton to continue with the existing officers for the

next year. You can find us listed anytime at [www.nalf.org](http://www.nalf.org) under programs. While you are there you will see all the applications, officer listings, and soon, the recipes from this year's cook-off!

Please remember, we are here because of you: women, men, ranches and more. Join us (\$20 a year or \$200 for a lifetime membership), and you can make a difference in the lives of juniors for years to come!

See you down the road!

Susan
